

# Project #1

## CREATE A PREPARATION POLICY FOR YOUR CHURCH'S WORSHIP MINISTRY

**OBJECTIVE:** Create a clear, comprehensive, and biblically-grounded preparation policy for your church's worship team that fosters musical excellence, personal growth, and an environment conducive to leading authentic worship.

**Read pages 104-115 in *The Worship Ministry Guidebook*.**

- » Using the information in the book, pp. 104-115, create a preparation policy that you believe would work for your church's worship ministry teams.
  - Consider including in the policy ideas from the sections:
    - Why we prepare
    - A philosophy of preparation
    - Reasons why practice matters
    - Expectations for preparation
    - Rehearsal expectations
    - Commitment to preparation
    - Accountability
- » Include in the document your thoughts on the best ways to implement such a policy with the teams, including ways to get buy-in. (Refer to sections: Model it, Praise it, Picture it, Clarify it, and Expect it.)

**Turn in your project as a written report with all the details described here.**
